Field Support Group: Providing Efficient Services for the LSU Community

Need help with field logistics, field work, or international shipping? We can help with that! The Field Support Group specializes in providing field services to the LSU community and partner agencies. We offer:

- Fabrication and Welding Services
- Electronics Support
- Instrumentation Support and Operation (i.e., RDI, Sontek & Nortek)
- Field Support Operations Using Small Boats
- Seismic Surveys (EdgeTech Subbottom Profiler, 2000 Sidescan/Subbottom System, 4600 Bathymetry System & Magnetometer)
- Coring Operations (vibracore, multi-cores, etc.)
- Storage and Maintenance of Instruments
- Design, Fabrication and Deployment of Custom Data Collection Platforms
- CNC Fabrication Services

Contact us to discuss how we can assist you:

Bill Gibson, bgibson@lsu.edu (225) 578-2947

Chris Cleaver ccleav1@lsu.edu (225) 324-1072
